Market Review: During the month of November 2022 KSE-100 (the benchmark) increased by 2.63% to close the month at 42,349 points. The month started on a strong note as KSE-100 Index increased by 4.4% to make a high of 43,093 points. However, index could not sustain the momentum towards the end of the month due to surprise 100 bps hike by the SBP and delay in completion of 9th review by the IMF

Foreign investors remained net buyer with the inflow of US\$ 2.00 million during the month under review, as compared to inflow of US\$ 14.37 million in previous month.

Investment Objective: The objective of First Capital Mutual Fund is to augment wealth of investors through investments geared towards securing maximum returns while simultaneously offsetting resultant risks through efficient diversification across sectors with low correlation amongst them. The management of the fund is continuously striving towards achieving its objective.
