Market Review: During the month of May 2023 KSE-100 (the benchmark) decreased by 0.60% to close the month at 41,331 points. The month closed on Negative note on the back of arrest of Imran Khan, which sparked nationwide protests and riots. This political noise led to the rupee sinking to an all-time low of PKR 295 in the interbank market, before recovering back to close the month at PKR 284.6 against a dollar. Further, lack of concrete developments regarding the resumption of the IMF program also dwindled the investor's confidence.

During the month Auto Assembler, Auto Parts & Access., Cable & Elec. Goods, Banks, Engineering, Glass & Ceramics, Oil & Gas Exploration Comp., Oil & Gas Marketing Comp., Pharmaceuticals, Refinery, Technology & Communication, Tobacco sectors underperformed the market. Foreign investors remained net seller with the outflow of US\$ 3.51 million during the month under review, as compared to inflow of US\$ 0.08 million in previous month.

Investment Objective: The objective of First Capital Mutual Fund is to augment wealth of investors through investments geared towards securing maximum returns while simultaneously offsetting resultant risks through efficient diversification across sectors with low correlation amongst them. The management of the fund is continuously striving towards achieving its objective.
